MURAL
Facilitation
Collaboration

- Deep discussions between Drilling Co, Service companies and Client personnel are really useful for updating DDP.
- Very Interactive and helped in understanding the well and the hazards. In a nutshell, always good to see the team we will be working with during the drilling operations.
- I like the way the mural working together with Zoom, it has multi-choice sticker and color for everyone to put their comments. Very useful and professional. Good app for all the people to use for online meeting.

Facilitation/Time-Keeping

- Not what I expected. I was unsure about how a virtual DWOP would go, but I thought it was well planned out with a good agenda and having the facilitators help keep us on track was very helpful. Loved the MURAL boards and the amount of participation from everyone.
- Overall positive experience, very condensed, high value return for the time investment.
- I love the technology, the interactivity and very cooperative discussion. Very good tool in very good hands was used by brilliant teams. Thank you for inviting me to this.

Mission Statement: Why – How - What

The Golden Circle

WHAT

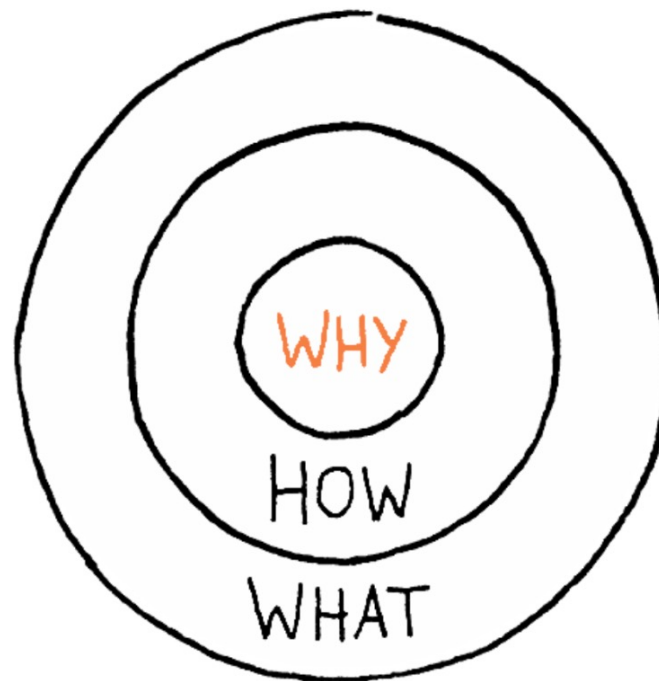

Every organization on the planet knows WHAT they do. These are products they sell or the services

HOW

Some organizations know HOW they do it. These are the things that make them special or set them apart from their competition.

WHY

Very few organizations know WHY they do what they do. WHY is not about making money. That's a result. WHY is a purpose, cause or belief. It's the very reason your organization exists.
